Where international, state, and/or county boundaries coincide, the map shows the boundary symbol for only the highest-ranking of these boundaries.

- 1 A " " following a place name indicates that the place is coterminous with a MCD; "MCD" indicates that the place is also a false MCD; the false MCD name is not shown.
- 2 This map shows tribal census tract boundaries and numbers within the subject entity; nontribal census tract boundaries are shown outside of the subject entity. Repeated census tracts are shown. A tribal census tract is a type of census tract defined within a federally recognized American Indian reservation or off-reservation trust land for the purpose of providing data based on an American Indian reservation. Tribal census tracts may be located on reservation or off-reservation trust lands cross state or county boundaries, the same tribal census tract number may be assigned on both sides of the boundary, and the same tribal census tract number may be assigned on both sides of the boundary.
- 3 A " " following a block number indicates that the block number is repeated elsewhere in the block.
